

Downloading MyStorPal

The image shows the MyStorPal login interface. At the top is the MyStorPal logo, which consists of a stylized server rack icon above the text "MyStorPal™". Below the logo are two input fields: "Email Address" and "Password". The "Email Address" field is a rounded rectangle with the text "Email Address" inside. The "Password" field is a rounded rectangle with the text "Password" and a small eye icon on the right. Below the password field is a "Remember me" checkbox and a "Forgot password?" link. A large green "Sign In" button is centered below the form. At the bottom of the screen, there is a link that says "Don't have an account? Sign Up". A black arrow points from the "Sign Up" link to the right.

- Find MyStorPal by XPS Solutions in the iOS App Store or Google Play Store and Select/Install, then Open. MyStorPal is configured to work best with factory size settings on mobile phones.
- Click the Sign Up link at the bottom of the screen.

or

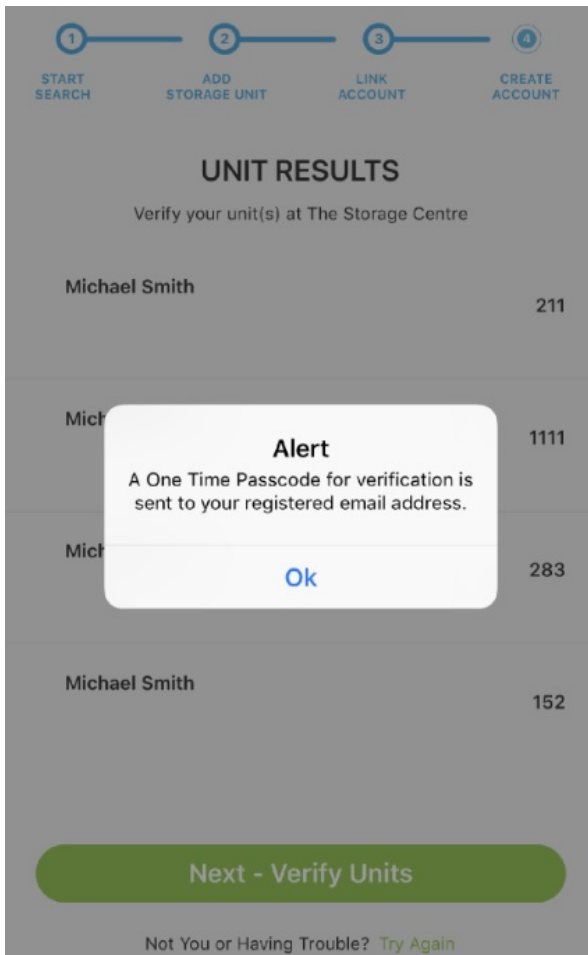

call [844-977-8727](tel:844-977-8727) for assistance

Enter the phone number on your account, then click “Link Storage Account”.

*Pro tip for Android users - If you don't see the green Link Storage Account button, you may need to click on the white space or press Done on your keypad to close it.

*For iOS users, click in the “white space” to close your keypad)

Verify that the units listed belong to you, then click “Next – Verify Units”.

One Time Passcode

An Email will automatically sent to the Email address on file with your storage facility with your one-time passcode to access MyStorPal.

****NOTE** – if you don't receive an Email very quickly, please check your Junk or Spam folder.

- Or -

If you need to know what Email address you have on file, please contact your facility directly.

Subject: MyStorPal Email Verification

Email Verification

The MyStorPal mobile application has sent your OTP (One Time Password), it is 5HH5. Please input this code as requested in the MyStorPal app verification step.

That's It!

Now just create your login by entering your Email address and a password that you'll easily remember.

Confirm the password by entering it a second time.

Then enter the one-time password sent to your Email and click "Create Account".
